Job Title: Sanitation Specialist

Kii Naturals is a food production company in Vaughan that is looking to hire two well qualified sanitation specialists to uphold their standards of a clean and safe production floor and office. There are two priority areas; food production (including industrial baking machines) and office space. This is a full time role in the Concord area.

Responsibilities

- Cleaning and sanitizing of the food production area of approximately 2000 square feet. This will include but not be limited to industrial ovens, mixing bowl areas, loafing and slicing machines, packing areas, wash area
- Cleaning of production floor to ensure that Good Manufacturing Standards are met.
- Cleaning of the Office Space, this is approximately 17,000 square feet.
- Adhere to Food Safety and Quality Assurance guideline at all times.
- Work in a safe manner and independently with minimum supervision.
- Perform other duties and / or tasks as requested by supervisors.

Qualifications

- 2+ years prior experience with sanitation in a food plant
- Ability to follow and understand safety procedures
- Be familiar and understand MSDS sheets and product labels for safety
- Must be able to perform repetitive and physically demanding work
- Adaptable to sudden changes and challenges
- Good communication skills, especially written to document work
- Willing to work shifts as cleaning needs to occur during downtime when possible
- Ideal to have own transportation
