## Job Title: Millwright Apprentice

You will join the team to help manage the equipment and food production area of our bakery (some of these duties are outlined below). Our company is growing and we expect that the successful candidate will grow and learn as we implement improvements and new equipment into the existing production environment.

### Responsibilities

- Maintaining equipment
- Responding to equipment breakdown
- Troubleshoot and make repairs in a timely manner
- Responsible for preventative maintenance on equipment
- Ensure work area is clean of debris and hazards at all times
- Comply with all health and safety and environmental policies and procedures
- Work in a safe manner understanding all industry safety rules and requirements

### Qualifications

- Minimum 3 years maintenance experience preferably within the food industry
- Must possess an Ontario and/or Interprovincial Certificate of Qualification as an Industrial Mechanics (Millwright) – 433A license and a Certificate of Apprenticeship
- Knowledge of Good Food Production Practices, including excellent sanitary practices
- Strong preventative maintenance and troubleshooting ability
- Familiarity with continuous improvement processes and methodologies considered an asset
- Strong working knowledge of basic welding, machining, plumbing, lighting, hvac, ovens, conveyor line, air suction systems
- It is a bonus if you have worked with a forklift or Raymond Reach
- Good communication skills, including written and verbal
- Ability to work independently and in a team environment
- Must be flexible in terms of shift work and perform other duties as required
- Physically capable of performing the demands of the job
- Computer skills would be an asset
